Criminal Action No. 99-10428-JLT

ORDER

November 28, 2005

TAURO, J.,

This Court finds that there has already been extensive and adequate briefing with respect to the underlying issues involved in Defendant's Motion for a New Trial, and the Parties' respective positions thereto. For this reason, this court hereby orders that the Government's suggestion for an Order Re: Proposed Findings of Fact and Conclusions of Law [#792] is DENIED.

IT IS SO ORDERED.
